

T3 SECURITY KEY

The T3 Security Key is an easy to use USB key that acts as the ignition to your private information. The USB works like a house / car key that locks and unlocks your PC to keep your private information secure from prying eyes and identity thieves.

T3 Security Key prevents unauthorised access to your PC or laptop protecting you against identity theft and data theft and preventing casual access to your PC / laptop.

T3 Security comes with International theft cover of up to \$1500 [once registered] should your PC / laptop get stolen.

T3 SECURITY KEY IS IDEAL FOR:

- TWO-FACTOR AUTHENTICATION
- THEFT COVER UP TO \$1500
- INSTANT PC LOCK DOWN
- DATA ENCRYPTION
